Seeing is Believing.

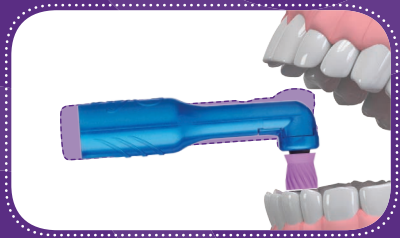
and Vera by Young™ has Believers!

"I didn't realize how much I couldn't see with the other prophy angles until I used Vera by Young. It was much **easier to access** facial surface of maxillary molars."

-Ellen Wentz, RDH

"Vera by Young offers a streamlined, prettier design, accessesdifficult-to-reach areas, and **provides the feeling of increased visibility,** with slightly less vibration."

-Donna Grzegorek, RDH



"The Vera by Young prophy angle packs a lot of power into a little prophy angle! It is the best prophy angle out there for any mouth. I have used hundreds of prophy angles and **this one truly is the best.**Its compact size really helps to polish pediatric patients as well as **reach the distalbuccals of the maxillary second molars with ease!**"

-Karen Reiner, RDH
